

# BigHand Professional

Master your SME's operational excellence with the subscription-based, powerful cloud technology of BigHand Professional.

## Overview

Does your organisation need to boost profitability and productivity, and speed up document production? You need a cost-effective, quick to set-up solution that starts delivering ROI rapidly, that fits with your existing hardware and systems.

Our digital dictation and speech recognition solutions empower your team to create documents, delegate tasks, and create meeting notes quickly and efficiently – without the need for developers, intensive training or complex maintenance.

Get your teams up and running within minutes, with minimal disruption. Hosted in our secure cloud, the shared BigHand Professional gives you access to enterprise-quality technology without the expense of infrastructure and support requirements.

## The BigHand Professional solutions

### BigHand Dictate

- Record and send dictations from your desktop, smartphone or tablet
- Tackle documents, task delegation, time and billing, and meeting notes
- Task to support teams or the BigHand Speech Recognition platform for automatic transcription
- Maximise efficiencies with configurable workflows
- Prioritise, redistribute monitor tasks, with alerts to make sure work is completed on time

### BigHand Go

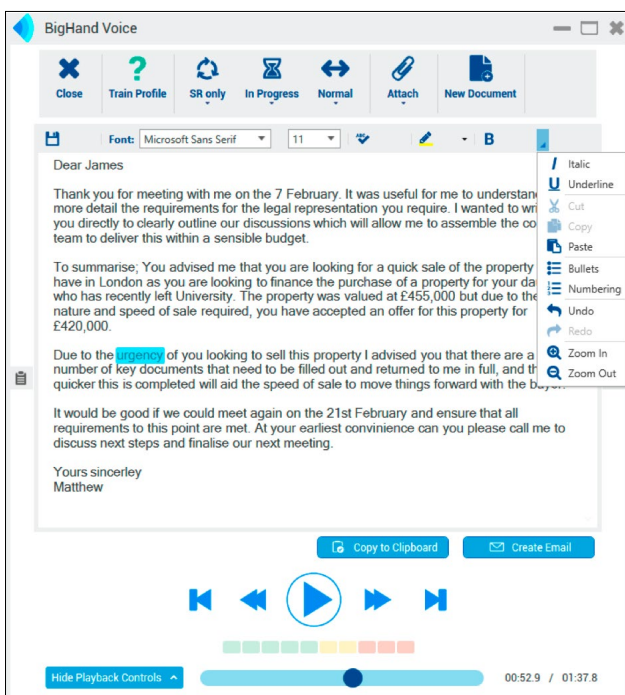

- Maximise billable time, working on the move
- Submit tasks securely, 24/7, from anywhere
- Streamline your processes, with better visibility over workloads, even when away from the office

## BigHand Speech Recognition

- A valuable add-on to the BigHand Professional package, for smartphone, tablet or recording devices
- Saves time, transcribing dictation in seconds, not minutes
- Highly accurate, with personalised voice profiles for each user
- Work in many languages with our multilingual Speech Recognition

## Secure cloud storage

- Award-winning workflow software, completely secure within the cloud
- Keep your data safe with SSL 256-bit AES encryption and 24/7 onsite security at our centers
- HIPAA compliant and ISO27001 certified
- 99.9% reliability from all our US and European data centers
- Configurable access, granting your users with the right access to the right information

## Business benefits

- Spend time focusing on higher value tasks
- Enterprise-level technology on a subscription-based pricing plan
- Save time with quick installation and minimal training
- Work any time, anywhere, with mobility apps included as standard
- Save costs over other on-premise solutions
- Boost productivity and reduce the amount of manual transcription
- Keep your dictations completely secure
